

## THE ULTIMATE SPA EXPERIENCE: THE PALACE SPA

Soothe. Pamper. Replenish. Balance. The Palace spa was created with these goals in mind, to create an experience, an oasis for our clients to be transported to another dimension. This deeply relaxing sanctuary with all the pampering is also enhanced by the surrounding tropical beauty and out of this world setting. Here we believe that true balance and health come from the elements of nature and we have perfected the way to create peace, tranquility, balance and healing at our intimate private spa.

Replenishing wellness to the body, mind and spirit is achieved through being generous to yourself. Not a typical spa, we train our spa technicians to concentrate all of their energies on each and every one who enters this oasis. Just to show how serious we take your pampering, our clients may enjoy any of the services provided in the location of their choice. Leave behind the arduous merry-go-round of the busy modern world and reconnect with what is most sacred, you. Our selection of exotic treatments, full body therapies, individualized facial therapies, and massages will nurture you back to an overall sense of well being.
